Projects

Phishing Website Detection System

Jan 2025 - Feb 2025

- Developed a web-based system to detect phishing websites using URL analysis and machine learning algorithms.
- Implemented a robust URL feature extraction system with C++ to effectively classify suspicious links, enhancing security and safeguarding users from potential threats.
- Achieved 95% accuracy using logistic regression and random forest models, demonstrating exceptional performance.
- Built a Flask-based GUI for user-friendly phishing link validation, empowering user protection against online threats.
- Enhanced security features by integrating SSL encryption for secure data transmission.

SQL INJECTION | Board Infinity

Jun2024 – July 2024

- Conducted SQL injection testing as part of ethical hacking, ensuring robust security against vulnerabilities.
- Executed SQL injection attacks during penetration tests, uncovering critical vulnerabilities and enhancing overall system security.
- Utilized various techniques, including error-based, union-based, and blind SQL injection, to exploit vulnerabilities.
- Gained proficiency in tools such as SQL Map and Burp Suite.

Food Delivery Website (CSS, HTML, JavaScript)

Jan 2023 - March 2023

- Built a dynamic Food Delivery website using HTML, CSS, and JavaScript with interactive functionalities.
- Created a responsive and user-friendly interface, ensuring optimal user experience across various devices.
- Implemented real-time features such as order tracking and notifications.
- Designed and implemented a MySQL database to manage user accounts.

Certificates

Ethical Hacking Essentials

Platform: Coursera

Nov 2024

Digital Forensic Essentials

Platform: Coursera

Nov 2024

CompTIA Linux + XkO – 005

Platform: Cybrary

May 2024

Cyber Security and Ethical Hacking

Platform: Board Infinity

July 2024

Technical Skills

Languages C++, Java, C

Technologies/Frameworks: Kali Linux, OS Forensics, Eclipse IDE, Dev C++

Skills: Data Structures and Algorithms, Critical Thinking, Linux, Security Tools

Education

Lovely Professional University Punjab

Computer Science and Engineering - CGPA: 5.90

Since Aug,2022

Jalandhar, Punjab

Bela public School

12th PCM - Percentage: 63%

2021 – 2022

Darbhanga, Bihar

D.A.V. Public School

10th - Percentage: 69%

2019– 2020

Darbhanga, Bihar
